

Tuckesse Turners

Woodturners from North Central TN and South Central Kentucky

We provide an environment to help beginning woodturners get started with minimal start up cost
Newsletter June 2016

Presidents Message

Hello fellow woodturners,

Another month gone. Hope everyone had a good 4th weekend.

Our market place dates for the month are the 9th and the 23rd.

Our monthly meeting is Monday the 11th of July.

The Frolic on Franklin is the 24th of Sept, this year. Those of you who wish to participate can sign up at the next meeting.

As usual, I'm asking for donations to sell at the various functions. These items not only generate funds for the club, but also show off your skills to the public which gives us a means of self promotion. So please, donate.

We will show a Nick Cook video.

Please bring donations for the club to sell and bring something for Show 'n Tell.

See you next Monday.

Happy, SAFE turning
Jon Haigh

931 647 3328 jonbh@charter.net

Safety first!!!

Wear your safety helmet

July Program.....

We will show a video 'Turning for Fun and Profit' by Nick Cook. Nick is from the Atlanta area. He demonstrated at this years' AAW Symposium recently. In this video you will see how he uses many different tools and learn to make useful items that can be fun to make

June Program...

Bob Meyer presented the program. Bob demonstrated segmented turning...preparing the segments.

See photos next page...

One of Bob Myers turnings

It is obvious from this photo of members that he captivated the audience.

His indexing chart used for obtaining precise angles when cutting the hundreds of pieces in each of his turnings.

The beginning process of fitting all the pieces into sections for assembly.

Tuckesse Woodturners

June 6, 2016 Club Meeting

The June club meeting was called to order by President Jon Haigh at 7:00 pm on Monday June 6, 2016 at the FOP Lodge 2576 North Ford Street in Clarksville TN.

Bobby Stringer was introduced as a visitor.

President Jon announced we will sell turned craft at the Clarksville Market Place on June 18th.

Bob Forsythe will be in charge of sales that day.

President Jon reported two black table cloths had been purchased as approved last meeting.

The club's income from the last two shows was \$133.00.

Treasurer Bruce Hensley reported the bank balance is currently \$862.36 following receipt of the show income.

Charles Wall donated \$20.00 to the club in lieu of a turned project to sell at a show since he is not turning anything. President Jon thanked me but added we really like people to donate items for sale which helps let people know what the club does.

The 2016 club directory was distributed to club members.

Jim Mason reminded the club that we need to elect a vice president to replace Steve Sabinash. Steve needs to devote more time to his education as a result of his new job. Please consider offering your service for this necessary position. Steve is the person who has been arranging programs for each of the club meetings.

Drawings were held for five gift certificates valued at ten dollars each from Craft Supply Company.

Each meeting, members bring in projects they have been working on and show them during "Show & Tell". Items displayed this month included:

Mike Patrick - Bowl with wood burning art and carving made from a Cherry crotch.

Norbert Comtois - Three turned bowls made from cabinet grade plywood. He used Tight Bond II glue and highly recommends using a face shield when turning plywood.

Gene Doyon - Elm bowl.
Black Walnut bowl.

Ed Gill - Oak Bowl.

President Jon - Jewelry box with segmented top made of Walnut and Ambrosia Maple.

Steve Sabinash brought in a book titled “Wood Identifying and Using Hundreds of Woods Worldwide” by Eric Meier. This is a good resource for identifying woods and is available from Amazon for about \$35.00.

The program was presented by Bob Myers who provided information on making segmented turnings. Bob was accompanied by Mike Holowach, both are members of the Nashville club.

Bob uses homemade jigs and commercial jigs from Rockler to glue up the individual squares used in the segmented construction. There are lots of steps in the construction which appear to be quite time consuming. Bob says the good thing is not a lot of tools are required. Bob says he uses Tight Bond II glue to assemble his segments.

Bob recommended two books “Segmented Turning, A Complete Guide” by Ron Hampton and “Segmented Wood Turning” by William Smith. He says he has lots of homemade tools. Recently his favorite tool has been his Hunter # 4 Carbide Hollowing Tool.

The meeting was adjourned at 8:20 P.M.
