We provide an environment to help beginning woodturners get started with minimal start up costs

July Newsletter

Message From the President

My guess is that, due to the extremely hot weather, there has been a slowdown in your turning production since the last meeting. With the prospects for more pleasant weather in August, maybe we can all get back to our passion for woodturning.

Even in hot weather most of us turn a few items. Please bring a few to the August meeting on Monday, the 6th to show at Show 'n Tell. By showing your items, they will be pictured in our Tuckessee Turners newsletter for all your friends to see. Just go to tuckessee.org and look them over.

Kevin Austin, from Hopkinsville did a fantastic job demonstrating for us at the July meeting. It proved to be very interesting for new turners and experienced turners as well. We also picked up a few good tips and/or ideas.

I am pleased with the number of new members and visitors we have had visit lately. Please make them feel welcomed. Invite some prospective member or friend to come with you Monday August 6th.

The Newsletter is obviously late. It might be well to clarify that this newsletter is reporting on the July meeting.

August Demonstrator

Kevin Austin takes his work seriously as he puts decorative touches on an item he turned while members watched.

Completed turning by Kevin Austin, showing the fluting and detail.

Thanks, Kevin for an informative and interesting demonstration.

Stories and Photos of members shops had to be delayed again this month.

A couple of members have already volunteered to show their shops...how they are set up, tools they use, etc. If you will let us do a story about you and your shop and let us photograph it for the Newsletter, please contact Jim Mason at jmason@newwavecomm.net or his office at 270 885 0069

SATURDAY TURN-INS WILL RESUME IN SEPTEMBER

The next Turn-in will be September 25th

CLARKSVILLE DOWNTOWN MARKET DEMO AND SELL

Our club participates in the Downtown Market each 1st Saturday by setting up our demonstration booth and showing and selling our wares. We do very well, at this event, selling items donated to the club. We can use the extra funds generated by these sales. Please donate something to the club that can be sold to raise funds. **Plan to help This Saturday.**

BOB FORSTHE TO DEMONSTRATE AT THE AUGUST MEETING

Don't miss this meeting. Bob will demonstrate this month.

ALSO ATTENDED
THE FERRELL DEMO

Bob Forsythe, Charles Putnam, and Jim Mason also
attended Paul's Demonstration. (The Editor in
striving for perfection, lost the photo). Paul is a
world renowned woodturner from our area
(Hopkinsville, KY). Paul put on an excellent show.
Everyone the Editor talked with indicated they were
impressed and learned a lot. For a man of Paul's
reputation and knowledge to share willingly years
of learned knowledge is exceptional. Thank you
Paul.

SAFETY FIRST

Remember that in turning, you are using sharp tools engaging in moving wood. At best, it is dangerous. Please be careful.

Members Questions and Answers

Members are asked to submit woodturning, finishing and tool questions to Club members... “experts” for answers. There are not dumb questions. Someone else in the club has probably asked the same questions.
