

Tuckesse Turners

Woodturners from North Central TN and South Central Kentucky

Fostering the art of woodturning by providing instruction, tools, and materials to the beginner
We provide an environment to help beginning woodturners get started with minimal start up costs

June Newsletter

Message From the President

Dangerously hot weather is in the forecast for the next few days, so be careful in your shop. Be especially careful when you are out cutting trees. Drink lots of water and rest in the shade often.

I am sorry about having to renege on the demo I had planned for the June Meeting. I promised to do the July Meeting Demo instead.

However, I am still having problems and my Medical Doctor advised me against standing and lifting. Both of these activities are required for the program I had planned.

Kevin Austin, from Hopkinsville has agreed, on short notice, to do the July Meeting Demonstration. He will demonstrate how to accent and detail your turnings. He said this should be very interesting for new turners and thinks experienced turners will also pick up a few tips and/or ideas. Experienced turners might even provide input.

Those of you who saw Kevin demonstrate segmented bowl turning recently will remember how organized he is and what a great job he did.

I know you share my excitement over the number of new members and visitors we have lately. Please make them feel welcomed.

Bob Forsythe
President

Demonstrator for June Meeting Reneged Due To Sickness

Bob Forsythe was to have demonstrated at the June meeting, but decided on Sunday before the meeting that he could not, because of a back problem. He suggested we watch a DVD instead. But, there was no DVD to watch, either, so members sat around and told war stories...about woodturning, of course.

Above, are members enjoying the stories. As you imagined, it was a lengthy meeting and it seems like everyone enjoyed it.

The next monthly membership meeting is scheduled for Monday, July 2nd at 7:00 PM. The program will be presented by Kevin Austin

Club Demo and Sell Booth at the Clarksville Downtown Market

Saturday, June 2nd, several members manned our booth at our monthly Demo & Sell event. Pictured below are some of those members and some of the many market attendees who visited our booth.

Pictured above, l to R, are Charlie, Bob, Larry, Jack, & Clarence. Jim and others were also there.

Clarksville Marketplace attendees looking over our booth. Many sales were made and everyone had a good time.

We encourage more members to share their time and talents by helping with sales, talking to potential members, and demonstrating. It seems to be helpful, in attracting people to our booth, when lathes are turning. People love watching wood-turning. Lets continue giving them a good show.

First Time Visitor

Retired US Army Sergeant Major Steven Sabinash. He can be reached at 931 221 0603.

Sergeant Major we hope you visit often. Whatever you need help with anything just let us know. Members let's make Sergeant Major Sabinash feel at home.

Members attend the Nashville Club meeting on June 5th To See Pat Matranga Demonstrate Making Weed Pots

Pat Matranga shows one of her beautiful weed pots.

Jim and Jack drove down for Pat's demonstration. She demonstrated her techniques for turning and decorating these items. Jim said it was worth the trip...Jack said it was a long meeting.

**KEVIN AUSTIN TO DEMONSTRATE
AT THE JULY MEETING**

Don't miss this meeting. Kevin will demonstrate how to accent and detail your turnings. This is a subject that all members should want to see.

OPPORTUNITY FOR WOODTURNERS!

Charles Putnam reminds us of the Paul Ferrell Seminar July 28 in Nashville.

Charles said "Occasionally an opportunity comes along that is hard to reject. The seminar by Paul Ferrell at the Baptist Children's Center near Franklin, Tn on July 28 is one of those. The small fee of \$20.00 for an all day seminar from a turner with Paul's experience in both turning and the business end of selling his product is something not to be missed. We have had Paul demonstrate at our club a couple of times and those that attended appreciate his knowledge and talent."

TAW would prefer you register by mail no later than July 21st. You can register on the day of the seminar.

Send your \$20 check to:
TAW
P O Box 158296
Nashville, TN 37216

SATURDAY TURN-INS SUSPENDED UNTIL SEPTEMBER

Our Saturday Turn-ins will resume in September. The last one was well attended on May 26th.

New members, these events are put on and manned by members who unselfishly give their time and talent to help you get a fast start with your wood turning education.

There is no charge for this and the tools, equipment, and materials are all offered to you AT NO CHARGE.

CLARKSVILLE DOWNTOWN MARKET to move location?

There has been much discussion and controversy over the Clarksville Parks and Recreation's decision to move the Market Place from One Public Square to the North Extension of McGregor Park's RiverWalk beginning July 7th. But....

The move was delayed for at least a year...

After many meetings, changes in decisions, and heated exchanges by Parks & Recreation, the Downtown Merchants, and the City, the decision to move was changed to, at the least, a 'wait and see' until next year.

So, for now, we will do our Saturday, monthly Market Place demos at the same place we have in the past.

Stories and Photos of members shops had to be delayed this month

A couple of members have already volunteered to show their shops...how they are set up, tools they use, etc. If you will let us do a story about you and your shop and let us photograph it for the Newsletter, please contact Jim Mason at jmason@newwavecomm.net or his office at 270 885 0069

Ryobi 10" Table Saw \$300.00

Includes: Table Saw with stand, casters, miter gauge, miter gauge hold down clamp, fence, router and jig saw attachment accessories, extra throat plates, table extension accessories and manuals. Great cutting saw with a lot of flexibility.

Central Machinery 5 speed Wood Lathe \$75.00

Includes: Lathe with homemade stand, 4 jaw chuck, drill bit type chuck, spur and live center, short and long tool rests, onboard and out board face plates, extra belt and owner's manual. This lathe is #1 MT. It is an older model but still runs good. The 4 jaw chuck isn't that great but you can buy a good one to fit it at a pretty decent price. It will turn 12" in diameter and 37" in length. I just bought a new Jet 1220 VS and this one needs a

home.

Rikon 10" Bandsaw \$225.00

Includes: Band saw, fence, several extra blades and owner's manual. This saw is about a year old and cuts great. I just upgraded to the 14" Powermatic in the background and don't have room for both.

Stand not Included

Craftsman 10" Compound Miter Saw \$50.00

Includes: Miter Saw, large homemade stand, and owner's manual. Truthfully, I have never used it, but I do know it runs.

Freud 4" Biscuit Joiner **\$40.00**
Includes: Joiner with case and owner's manual.
Another tool I have not used but it does run.

Craftsman Dovetail Jig **\$30.00**
Includes: Jig, two templates for different types and sizes of dovetails and owner's manual.

Craftsman Router, Craftsman Belt Sander and Black and Decker Electric Sander **\$15.00 each**
