Presidents Message...

Hello fellow woodturners,

The first marketplace outing ended up to be a washout.

The next weekend for the market is 23 May, with Bob doing the coordinating. Next month is on the 5th and the 20th of June.

The Franklin Street frolic is the 19th of September, in case I forget again.

There is no turn-in until Sept, at which time we'll start again for the winter.

The next meeting is 1 June and I'll have some certificates from Craft supplies to draw for our members. Hope to see you all there.

That's all for now.
Turn safely,

Jon Haigh, 931 647 3328 jonbh@charter.net

PS. Bring something for Show 'n Tell.

The Turn-in Saturday went so well that we almost sold out of donated items that support the club. Please bring anything you can spare to replenish our stock.

Bob Forsythe.... June Demonstrator...

Bob will demonstrate making a goblet. He has been making these for many years and has some unique designs and techniques. Don't miss it.

Max Harris... Demonstrated in May...

Max turned a lidded box. His demonstrations are always fun and educational

Max Harris shown behind the new club lathe beginning a demonstration on turning a lidded box

Max is showing some ideas about the lidded boxes he turns and some tips he has learned

Max as usual did a great job as he turned and engaged in a little humor. Thanks Max.

The following was written by the late Andy Rooney (ex-60 Minutes USA), a man who had the gift of saying so much with so few words.

I've learned...that the best classroom in the world is at the feet of an elderly person.

I've learned...that when you're in love, it shows.

I've learned...that just one person saying to me. 'You've my day!' makes my day.

I've learned...that having a child fall asleep in your arms is one of the most peaceful feelings in the world.

I've learned...that being kind is more important than being right.

I've learned...that you should never say no to a gift from a child.

I've learned...that I can always pray for someone when I don't have the strength to help him in some other way.

I've learned...that simple walks with my father around the block on summer nights when I was a child did wonders for me as an adult.

I've learned...that life is like a roll of toilet paper, the closer it gets to the end the faster it goes.

I've learned...that we should be glad God doesn't give us everything we ask for.

I've learned...that money doesn't buy class.

I've learned...that to ignore the facts does not change the facts.

I've learned...that everyone wants to live on the top of the mountain, but all the happiness and growth occurs while you're climbing it.

Clarksville's Downtown Market has great day with good weather!

The Tuckessee Turners also had a good day...from the looks of the great photos provided by the Clarksville Leaf Chronicle.

Tuckessee Woodturners May 4, 2015 Club Meeting

The May club meeting was called to order by President Jon Haigh at 7:00 p.m. on May 4, 2015 at the FOP Lodge 2576 North Ford Street in Clarksville TN.

President Jon updated the members on plans for the Downtown Clarksville Market Place which begins on May 16th and continues into October. We will participate two weekends each month. There are several rule changes this year which President Jon read to the club, including no pets allowed this year. There will also be several "theme" weekend this year.

President Jon advised that the turn-in this month is on the same day as the Marketplace, May 23rd. Many of those who regularly instruct at the turn-ins will be at the Market Place. Following discussion, the members voted to cancel the turn-in on May 23rd. Turn-ins will resume in the fall as regularly scheduled.

Treasurer Bruce Hensley, reported that the bank balance is currently \$1,388.46 which includes receipt of \$200.00 for a lathe sold by the club and payment of \$200.00 for booth space at the Market Place. Bruce was reminded we need to pay Jim Mason \$600.00 for the Jet 1221VS lathe purchased by the club.

Tom Pressler advised he had a trailer load of Walnut limbs available to anyone who wants them free of charge.

Each meeting, members bring in projects they have been working on and show them during "Show & Tell". Items displayed this month included:

Courage project

Jesse Foster - Ambrosia Wood
Bowl for Empty
Bowl project
Zebra Wood Bowl
Cherry Bowl
Biscuit Tray

Jim Mason - Large Cherry

Cherry Platter
Ash Hollow Form

Eddie Davidson - Exotic Wood Cup

Max Harris demonstrated “How to make a Box”. Max is left handed and turns mostly left handed but says he has been trying to learn to turn right handed but he needs to learn to turn left handed first! Just part of the humor Max interjects in his demonstrations. For this demonstration Max only used a spindle gouge and a parting tool. Max started with a 3” X 3” X 5” block of dry maple from which he made the box and top. Max used “Hut Crystal Coat” liquid friction finish. He says it dries fast, too fast for big projects. He likes it for small items such as Christmas ornaments. Among the tips Max passed along, was using double sided tape to hold the box to the jam chuck for finishing if extra hold power is needed.

The meeting was adjourned at 8:26 P.M.

Memorial Day!!!

A good day for the following...

Red Skelton – I Pledge Allegiance

The following words were spoken by the late Red Skelton on his television program as he related the story of his teacher, Mr. Laswell, who felt his students had come to think of the Pledge of Allegiance as merely something to recite in class each day.

Now, more than ever, listen to the meaning of these words:

I've been listening to you boys and girls recite the Pledge of Allegiance all semester and it seems as though it is becoming monotonous to you. If I may, I will recite it and try to explain to you the meaning of each word?

I...me, an individual, a committee of one.

Pledge...dedicate all of my worldly goods to give without self pity.

Allegiance...my love and my devotion.

To the flag...our standard, Old Glory, a symbol of freedom. Wherever she waves, there's a respect because your loyalty has given her a dignity that shouts freedom is everybody's job!

United...that means that we have all come together.

States...individual communities that have united into 48 great states. (now 50) Forty-eight individual communities with pride and dignity and purpose; all divided with imaginary boundaries, yet united to a common purpose, and that's love for country.

And to the Republic...a state in which sovereign power is invested in representatives chosen by the people to govern. And government is the people and it's...from the people to the leaders, not from the leaders to the people.

For which it stands, one nation...one nation, meaning "so blessed by God".

Indivisible...incapable of being divided.

With liberty...which is freedom...the right of power to live one's own life without threats, fear or some sort of retaliation.

And Justice...the principle or quality of dealing fairly with others.

For all...which means, boys and girls, it's as much your country as it is mine.

Since I was a small boy, two states have been added to our country and two words have been added to the Pledge of Allegiance...**UNDER GOD**. Wouldn't it be a pity if someone said that is a prayer and that it would be eliminated from schools too?

I pledge allegiance to the flag of the United States of America, and to the republic for which it stands, one nation, under God, Indivisible, with liberty and justice for all
