JANUARY 2019 NEWSLETTER

Hello fellow turners

BY JOHN DUZAN, VICE-PRESIDENT

What a week! Those that were in attendance at the TAW symposium saw some good turning. We hope to see you all at our Monday Meeting to share what you learned and your experience. We also looking forward to hear from those who came to the FOP Lodge to make tools with Steve and your experiences.

As you may remember, this upcoming meeting Monday, February 4th, 2019, we will be pulling out the lathes and allow anyone to turn. The theme of this turning time is in regard to our series on spindle work. Those that have experience on the lathe please take this time to mentor to our newer members. Buddy up!

Remember to bring examples of your spindle work and test runs from what you learned at the symposium and tools you made to show. We also ask to that you bring tools to use during the night. Those needing to sharpen their tools the grinding systems as always will be available.

We looking forward a great turn out Monday night.
